TO HAVE CYCLE 1 ALREADY DONE.

**KRI
SPECIALTY
COURSE**

Leadership is to use self-authority,
caliber and discipline to guide you to be you.
Success is when you know who you are,
accept it, and manifest it.

“We must lead ourselves
to be who we really are,
understand our role
on the planet
and deliver our uniqueness.
We have to become
successful in serving
the world, so the legacy
of holding high
the human spirit
will keep prospering.”
